

Bizkaia Atari Tournament 2020

The last week we gathered two days in Bizkaia (province of Basque Country) to play another tournament of atari. The 12 of february, wednesday, we gathered three players in Bilbao: Unai Castellano, Darlyn Mendoza and me (Egoitz Campo). We played to 3-4 games and then the 14 of february, friday, we met 6 players at my home in Derio (Bizkaia) and we played to 5-6 games.

We enjoyed a lot. Atari is very addictive machine and we played to many games. On friday while we played to atari, in the other tv we played to Interton VC 4000, another retroconsole from 1979, beautiful also.

Space Invaders

Whenever we meet we play to space invaders. It is a tradition for us. We tried to destroy all the ships we could and also the red ship. Ander was the best.

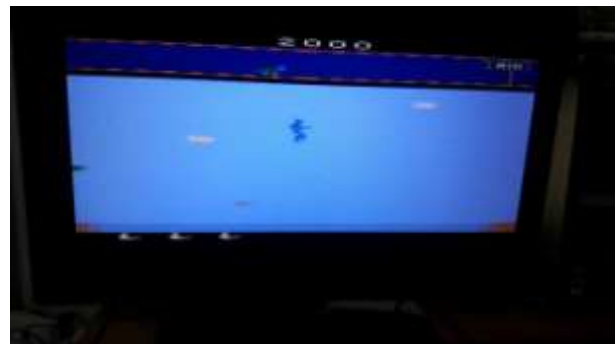

Basketball

Another classic game. While we were playing Interton games we started to play basketball at atari. I was the winner, again, but the next time....

Aquaventure

This was the first time we played to this fantastic game. You have to kill fishes under the water, but careful because after killing one, the next one will chase you faster! I got the best punctuation

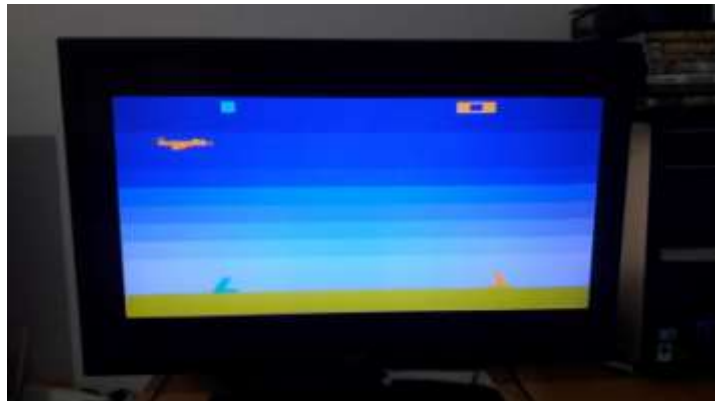

Space War

We played in Bilbao and in Derio. Similar to Asteroid but one against each other and with few missiles! Great and hard!

Air Battle

In september we played and this time we repeat. We tried to destroy all the aircrafts and helicopter we see but it is not easy. Carlos was the best.
